

THE HEALTHY BABY PROGRAM

 mdmedicine.com

 uniteddrs.com

The Healthy Baby Program is a comprehensive and holistic approach to promoting the health and well-being of babies and their families.

It provides support and resources to ensure babies receive the best possible start in life, including

good
nutrition

access to
healthcare
services

parenting
education
and support

healthy habits
and lifestyles
for both
parents and
their babies

The Healthy Baby Program aims to

reduce
morbidity rates

improve maternal
and child health
outcomes

promote the overall
well-being
of families
